Rev. I. R. Hicks 1903 Almanac.

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through thirty years, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Prof. Hicks, through this great almanac, and his famous family and scientific journal, Word and Works, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903, forecasts of storms and weather are given, as never before, for every day in the year, all charmingly illustrated with nearly two hundred engravings. The price of single Almanac, including postage and mailing is Thirty Cents. Word and Works with the Almanac is \$1.00 a year. Write to Word and Works Publishing Co., 2201 Locust Street, St. Louis, Mo., and prove to yourself their great value.

Fourteen consecutive numbers of a first-class magazine, including an elaborate Christmas issue, sold at retail for 25 cents, a beautifully executed Art Calendar, fine lithographed on three sheets—such is the offer which Frank Leslie's Popular Monthly, of 141 Fifth Avenue, New York City, makes to any reader of this paper who will send \$1.00 subscription at once. The Calendar bears on each of its three sheets a graceful figure of a college girl, dressed appropriately in the colors of one of the great colleges, the college seal and the college yell, the whole embodying the complete college idea.

The City Dads were not satisfied with the fancy granitoid walk in front of the electric light plant and the runaway from curb to fire engine door but they must try again and have everything as fine as little dog wool. So last week it had a brick walk laid from the granitoid walk in front to the large door on the east side of the building which opens into the electricians room.

SANTA CLAUS KRISS-KRINGLE.

Boys and Girls Letters are Coming to the Democrat For Their old Friend.

The Santa Clause letters via the Monroe City Democrat are now arriving and every little boy and girl who wish to write him should do so at once for the mail bag addressed to him will be closed Saturday, Dec. 6, 1902. Last year some twelve or fifteen of our little friends sent us their letters too late for us to get them to their destination. A good many of the country school children sent their letters in a bunch last year and sent them early enough to go through with the first lot and we hope it will be that way this year. Remember our little friends, the surest way to get what you want Christmas is to let Old Santa

know through the DEMOCRAT what you want.

All letters must be written by children under twelve years of age.

Fatal Accident Near Noonan.

Early last Saturday morning John Springman, living 5 miles east of Perry left his home to go to a saw mill for a load of lumber. His little son, Willie, accompanying him, cheerfully calling back "good bye mama." They returned about 8:30 a. m. and in driving through the lot the child lost his balance, falling backward to the ground on his face, the wheels of the heavy loaded wagon passing entirely over his head, killing him instantly. Although only 4½ years of age he was an almost constant companion of his father. He leaves one little brother, besides his grief stricken parents. Funeral services were held Sunday at 3 p. m. at Union Chapel. Conducted by Rev. Corwine of the Christian Church.

Last Call.

I have given you fair warning; have given you plenty of time and still you have not called to settle your OLD ACCOUNT.

If I have to place these accounts in the hands of a collector, there will have to be some extra expense, and somebody will have this to pay. I cannot afford to pay it, for I have waited so long on the account that the interest has eaten up the profits.

Your immediate attention is earnestly requested.

Yours truly,
B. O. WOOD.
